Taftville Entrance to Mohegan Park

To Be Opened Up and Road Built From the Lake—Park Commissioners Re-elect Former Officers—Trees and Shrubs Coming.

The April meeting of the park commissioners, held this week with the usual routine of approving bills and other necessary business, was also the annual meeting of the board for organization, which was done by re-electing the former officers as follows: President, Joseph T. Fanning; vice president, A. A. Tirrell; secretary, William A. Norton.

Based upon the available appropriation of \$4000, the commissioners laid out the work that is to be done in the present year in Mohegan park. In this the most considerable item will be the development of the Taftville entrance and the building of road No. 4 to it. This will be taken up with other work that has been outlined, after the spring cleaning up is finished. It is believed and hoped by the commissioners that from now on the park will be enjoyed by their guests, which will begin with a strip of land on the Galloway Hill road, opposite the Bagwell farm.

A road that leads to Taftville joins the Galloway Hill road. To this point road No. 4 will be built through the park, starting from the south side of the lake, over the easterly end of the dam, and following the brook. In general construction it will follow the line of the park, laid out about 20 feet wide.

Further development in connection with the Washington street entrance is to be accomplished this spring by the setting out of trees and shrubs, and they will arrive this month. At present there is no foothold at this entrance, but it is hoped to construct one in the future, although not this year because of lack of funds.

Now under consideration is to be set out along the driveway, going through the old golf grounds, suggesting to one of the commissioners that if it were ever desired to name the roads in the park here would be an "Unter Den Linden."

PROPRIETOR AND THREE FREQUENTERS FINED

West Side Saloon Keeper Found Guilty of Violating Liquor Law.

In the city court Tuesday, the continued case of J. Shea, accused of keeping open his saloon on the West Side, after hours, was called up, and he was fined \$15 and costs, amounting in all to \$23.54. The three men accused of frequenting the place after hours were each fined \$5 and costs, a total of each case of \$12.54, the total bill amounting to \$32.08, which Mr. Shea paid. The accused persons were represented by Attorney Ellis.

City Attorney Hall in his remarks stated that the cases had been brought to the attention of the court by the resident of the West Side, Ernest Allison Smith addressed the court, saying that he was the person to whom Attorney Hall alluded. He said that he had not tried to spy on Mr. Shea, but that his violations of the law had been so open that he could not but notice them. His first violation is of the act of the law, which enables him to have been in his place at any time.

He has seen a man come from his front door on Sunday, have a dox on times heard men talking in his place after closing hours, between 11 and 12 o'clock, as inasmuch as Mr. Shea's violations of law are open and frequent and as this is not a technical violation, I recommend to your honor the full extent of the law.

Afternoon Session.
There was also an afternoon session of the court, opening at 3 o'clock, for the purpose of trying the cases of William Mahon, charged with the theft of a coat, and a case of a woman charged with the theft of a coat.
